## Margate, Kent Margate Jetsetters

Our team was established over 35 years ago. In that time our athletes have achieved many national and international titles, both individual and team based. We accept all ability levels from age 4 years onwards and all our athletes are able to take part in a variety of competitions, both fun and competitive. Our classes take place on a Thursday evening at Hartsdown leisure centre, Margate from 4pm. Our classes are designed to help our athletes develop and learn skills in a safe environment along with working together and having fun building bonds with team members.
